Subject: Regional Haze SIP Revision

Dayana,

The Request for Parallel Processing of Arkansas's Proposed Regional Haze State Implementation Plan Revision was signed by the Governor last week and will be mailed out today. Attached is an electronic copy of what we are sending to Region 6. The public comment period for the SIP revision began on July 8. The public hearing is scheduled for August 14, 2017 and coincides with the close of the public comment period. Details about the hearing and comment period can be found on our Regional Haze webpage.
